

Century Therapeutics to Host Conference Call to Discuss Preliminary Clinical Data from Phase 1 ELiPSE-1 trial of CNTY-101 in Relapsed or Refractory B-cell Lymphomas and Planned Phase 1 Study in Systemic Lupus Erythematosus

December 6, 2023

PHILADELPHIA, Dec. 06, 2023 (GLOBE NEWSWIRE) -- [Century Therapeutics](#) (NASDAQ: IPSC), an innovative biotechnology company developing induced pluripotent stem cell (iPSC)-derived cell therapies in immuno-oncology and autoimmune and inflammatory disease, today announced that it will host a conference call and live audio webcast on Monday, December 11 at 7:30 AM PT/ 10:30 AM ET to discuss initial clinical data supporting a multi-dosing strategy from its ongoing first-in-human Phase 1 ELiPSE-1 trial of CNTY-101, the Company's lead allogeneic, iPSC-derived CAR-iNK cell therapy, in relapsed/refractory CD19 positive B-cell lymphomas.

In addition to updated preliminary clinical data as of a more recent data cutoff date from a case study [being featured in a poster presentation](#) at the 65th American Society of Hematology Annual Meeting, the Company will also present additional results from patients treated at Dose Level 1 (100 million cell dose), as well as preliminary data from patients treated at Dose Level 2 (300 million cell dose).

The Company will also discuss its planned Phase 1 trial, including supporting preclinical data, for CNTY-101 in systemic lupus erythematosus, the first autoimmune and inflammatory disease indication for CNTY-101.

The live audio webcast and accompanying slides may be accessed through the [Events & Presentations page](#) in the Investors section of the Company's website. Alternatively, the conference call may be accessed through the following:

- Conference ID: century2023
- Domestic Dial-in Number: (800) 590-8290
- International Dial-in Number: (240) 690-8800
- Live webcast: <https://century-therapeutics-initial-clinical-data-call.open-exchange.net/>

For those unable to participate in the conference call or webcast, a replay will be available on the Investors section of the Company's website at www.centurytx.com approximately 24 hours after the conference call and will be available for 90 days following the call.

About Century Therapeutics

Century Therapeutics (NASDAQ: IPSC) is harnessing the power of adult stem cells to develop curative cell therapy products for cancer and autoimmune and inflammatory diseases that we believe will allow us to overcome the limitations of first-generation cell therapies. Our genetically engineered, iPSC-derived cell product candidates are designed to specifically target hematologic and solid tumor cancers, with a broadening application to autoimmune and inflammatory diseases. We are leveraging our expertise in cellular reprogramming, genetic engineering, and manufacturing to develop therapies with the potential to overcome many of the challenges inherent to cell therapy and provide a significant advantage over existing cell therapy technologies. We believe our commitment to developing off-the-shelf cell therapies will expand patient access and provide an unparalleled opportunity to advance the course of cancer and autoimmune and inflammatory disease care. Century Therapeutics Forward-Looking Statement

This press release contains forward-looking statements within the meaning of, and made pursuant to the safe harbor provisions of, The Private Securities Litigation Reform Act of 1995. All statements contained in this press release, other than statements of historical facts or statements that relate to present facts or current conditions, including but not limited to, statements regarding our clinical development plans and timelines, are forward-looking statements. These statements involve known and unknown risks, uncertainties and other important factors that may cause our actual results, performance, or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. In some cases, you can identify forward-looking statements by terms such as "may," "might," "will," "should," "expect," "plan," "aim," "seek," "anticipate," "could," "intend," "target," "project," "contemplate," "believe," "estimate," "predict," "forecast," "potential" or "continue" or the negative of these terms or other similar expressions. The forward-looking statements in this press release are only predictions. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our business, financial condition, and results of operations. These forward-looking statements speak only as of the date of this press release and are subject to a number of risks, uncertainties and assumptions, some of which cannot be predicted or quantified and some of which are beyond our control, including, among others: our ability to successfully advance our current and future product candidates through development activities, preclinical studies, and clinical trials; our dependence on the success of our lead product candidate, CNTY-101, our ability to obtain FDA acceptance for our future IND submissions and commence clinical trials on expected timelines, or at all; our reliance on the maintenance of certain key collaborative relationships for the manufacturing and development of our product candidates; the timing, scope and likelihood of regulatory filings and approvals, including final regulatory approval of our product candidates; the impact of the effects of the COVID-19 pandemic, geopolitical issues, banking instability and inflation on our business and operations, supply chain and labor force; the performance of third parties in connection with the development of our product candidates, including third parties conducting our clinical trials as well as third-party suppliers and manufacturers; our ability to successfully commercialize our product candidates and develop sales and marketing capabilities, if our product candidates are approved; our ability to recruit and maintain key members of management and our ability to maintain and successfully enforce adequate intellectual property protection. These and other risks and uncertainties are described more fully in the "Risk Factors" section of our most recent filings with the Securities and Exchange Commission and available at www.sec.gov. You should not rely on these forward-looking statements as predictions of future events. The events and circumstances reflected in our forward-looking statements may not be achieved or occur, and actual results could differ materially from

those projected in the forward-looking statements. Moreover, we operate in a dynamic industry and economy. New risk factors and uncertainties may emerge from time to time, and it is not possible for management to predict all risk factors and uncertainties that we may face. Except as required by applicable law, we do not plan to publicly update or revise any forward-looking statements contained herein, whether as a result of any new information, future events, changed circumstances or otherwise.
